Surgical Face Mask (Tie)

Level 3

Product Code	FP-HM-FMT-L3
Product Description	Type IIR Medical Face Mask. Fluid resistance: 160mmHg. Filtration efficiency: BFE \geq 99% and PFE \geq 98% @ 0.1 micron. Breathability – Delta P: <5.0mm H ₂ O/cm ² . Flexible nose bridge to safely cover nose, mouth and jaw. With ties.
Material	Three layer, non-woven, high filtration fabric
Material Single or Multi-Use	Single
ARTG approved	Yes
Applicable Directive & Product Standards	AS 4381:2015, ASTM F-2100 Level 3
Supplier Certificates	Available upon request
Country of Origin	China
Shelf Life	2 years

Surgical Face Mask (Tie) Level 3

Test Reports

Company	Tests For	Test
Shenzhen CCT Testing Technology Co., Ltd.	Maximum barrier protection	ASTM F-2100 Level 3
Nelson Labs	Fluid resistance	ASTM F1862 ISO22609
Nelson Labs	Bacterial Filtration Efficiency	ASTM F2101-19 EN14683:2019
Nelson Labs	Differential Pressure	ASTM F2101-19
Nelson Labs	Non-viable particle filtration efficiency (PFE)	ASTM F2299
Nelson Labs	Flammability	N/A

Packaging Details

Carton Size	52cm x 40cm x 47cm
Units per Carton	2000 pce
Carton Gross Weight	11kg
Cartons Pallet	16
Cartons Container	700
Units Container	1,400,000
